## Uncompromised power makes the FaxCentre® 2218 a high-end fax workhorse that's truly convenient.

### High-volume fax performance
- The robust engine can handle the most demanding workloads with a duty cycle of up to 20,000 images per month.
- 33.6 Kbps modem transmits multipage documents in as little as 3 seconds per page.
- Spend less time waiting with a speedy 18 ppm print engine.
- 16 MB of fax memory stores up to 1,280 pages*.
- The 50-sheet duplex automatic document feeder allows you to process and send large, double-sided fax jobs.

### Advanced fax features
- PC Fax allows convenient, paperless faxing right from your desk.
- Intuitive user interface lets you fax at the touch of a button.
- Password protected mailboxes receive and protect sensitive documents.
- Convenient fax forward to fax capability lets you quickly archive or share faxes.

### Do-it-all versatility
- Fax smaller-size documents such as receipts directly from the platen glass — no need to make copies beforehand.
- Standard 650-sheet paper capacity can be increased to 1200 sheets for added convenience and less-frequent paper loading.
- Standard 4-in-1 multifunctionality saves you space and money by consolidating standalone devices.
- Optional network connectivity kit enables network printing, LAN Fax, Mac OS, Linux and PostScript 3 emulation for exceptional print quality.
- Nuance PaperPort® and OmniPage® scanning software helps digitize and organize documents.
